The immoveable cultural property needs to fall under the definition of cultural heritage and needs to have existed for 50 years or more as per the Cultural Heritage Act of Malta.

2. Definitions

For the purpose of these guidelines, the following terms are defined as follows:

Applicant

- A voluntary organisation enrolled with the Commissioner for Voluntary Organisations in accordance with the Voluntary Organisations Act requirements (www.maltacvs.org), and whose objectives are as per the definition of Non-Government Organisations in the Cultural Heritage Act and any other organisations duly erected by Canon Law. The applicant must be a legally authorised representative of the organisation/foundation.

Application

- An application is a submission by an eligible applicant, inclusive of all mandatory documentation and any annexes related to the Restoration Funding Scheme.

Beneficiary

- The beneficiary is the recipient of the grant. The beneficiary is legally responsible for the implementation of the proposal supported by the Scheme. The beneficiary of the grant may not be changed throughout the duration of the funded project and until the final disbursement is issued. The disbursement of the grant may only be issued on behalf of the beneficiary. The beneficiary is responsible to ensure that any VAT invoices are issued on behalf of the beneficiary and include the beneficiary's VAT information. In the case of a beneficiary who does not carry out economic activity and as a result is not registered for VAT the beneficiary has the duty to ascertain that they will receive a fiscal receipt for the goods and services received.

Conservation

- Any activity required to maximise the endurance and minimise the deterioration of any cultural property as far as possible, and includes examining, researching, testing, treating, recording and preserving any such cultural property or any part thereof.

Disbursement of Funds

- The grant will be disbursed as indicated on page 2 of these guidelines and regulations. A cheque payment will be issued on behalf of the applicant. The applicant must have an active bank account when submitting the application.

Eligibility

- Compliant applications will first be screened in terms of eligibility by the appointed evaluators. Proposals which are not considered eligible in terms of the set criteria shall not be processed further and shall not undergo evaluation.

Evaluators

- Arts Council Malta shall appoint an evaluation team for each call under the Restoration Funding Scheme which will shortlist the applications. Shortlisted applications will be available online for the people to vote for their preferred project.

Grant

- The grant is the amount allocated to a successful application.

Maintenance

- The continuous protective care of the fabric and setting of a place, and is to be distinguished from repair. Repair involves restoration or reconstruction.

Management and Administration

- Arts Council Malta is responsible for the management of this fund. All official correspondence, including the submission of applications, must be sent as indicated in these guidelines.

Maximum Funding

- There is a ceiling amount of €15,000 per project to be allocated. This will be decided on a case-by-case basis depending on the project.

Restoration

- A highly specialised activity to conserve the integrity of cultural heritage, to reveal its cultural values and to improve the legibility of its original state, form and design within the limits of still existing material. Such activity must be based on a critical and historical process of evaluation and not on conjecture.
